## When You Buy Virginia Products, Import Assistance is Free

### Finally.

Quality goods, easily transported. Custom regulations and costs are simplified. Even for clients representing who speaks your language. There's no increasing number of countries all around the world are importing from Virginia.

That rich, fertile state is blessed with an abundance of natural resources from which to produce a wide variety of goods. The state is especially well-served by its location in the heart of the nation's largest and most important market, which is the world's largest and most important market for Virginia products. Import assistance is free.

### The Office of International Marketing handles hundreds of agricultural products, ranging from lumber to seafood.

### Why China Imports Wood Products From Virginia

According to a report from the U.S. Forest Service, China is the largest importer of U.S. forest products. The U.S. Forest Service reports that China's demand for U.S. forest products is growing rapidly. The U.S. Forest Service reports that China's demand for U.S. forest products is growing rapidly. The U.S. Forest Service reports that China's demand for U.S. forest products is growing rapidly.

### The World Buys from Virginia

More than 100 countries currently import from Virginia. From China to Poland, from the Caribbean to the Middle East, businesses are seeking the value of quality products, transported easily and efficiently.

To ease the import process, Virginia maintains an international office in Hong Kong for the Asia-Pacific market. There's a Spanish-speaking representative team available in Mexico and Latin America. And, if you are located in Europe, the Middle East or Africa, Virginia's trade mission representatives can help you with any problems.

### Call to Start the Process

The Office of International Marketing welcomes you in a personal meeting. Look for more information on agricultural products. To arrange a trip to Virginia or ask individual questions, call 804/746-5555.
